

Dear Parents

We appreciate everyone is facing new challenges during this time but we would like to take this opportunity to thank you for engaging with Tapestry and supporting your child's learning at home throughout their first term in school.

As you are already aware we are moving to remote learning for children as of Tuesday 5th January. We have decided to create weekly PowerPoint's with activities for your child to access at home.

For each week we have created 4 PowerPoint's split into these subjects:

- Phonics
- Literacy
- Maths
- Extracurricular activities

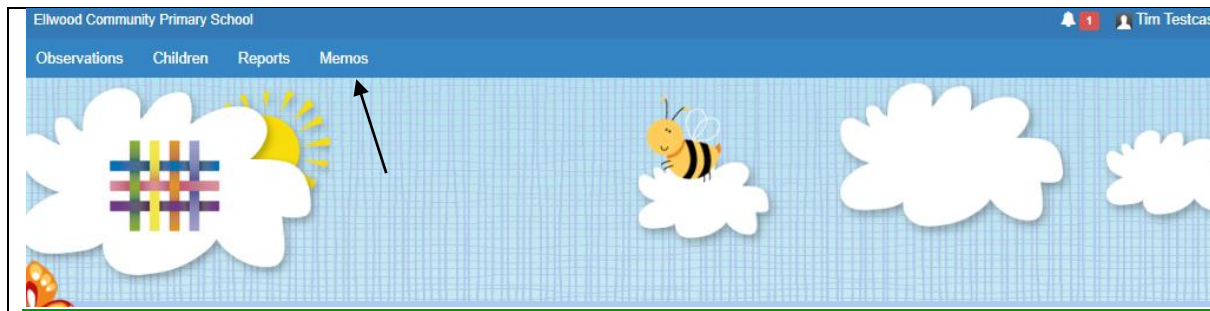

We will also be uploading learning videos linked to different lessons for your child to engage with.

As we are already set up on Tapestry we have decided to use Tapestry to share these PowerPoint's with you using Tapestry's feature called 'memos'.

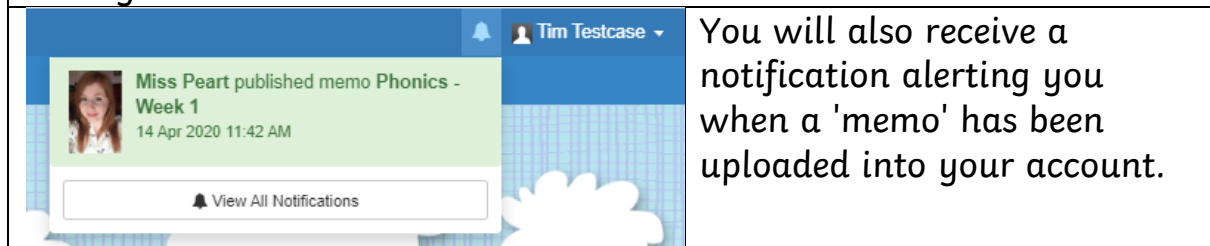

We have created a guide (please see below) which should provide the information you need to access the 'memos' feature. Please note 'memos' are not currently accessible through the Tapestry app so please use the website.

As always it would be great if you could continue to share your child's learning with us through Tapestry so that we can monitor progress and offer support if needed.

How to access 'memos' through Tapestry:

When you login to Tapestry you should see a tab labelled 'memos'. This will allow you access the PowerPoint's that we will upload weekly.

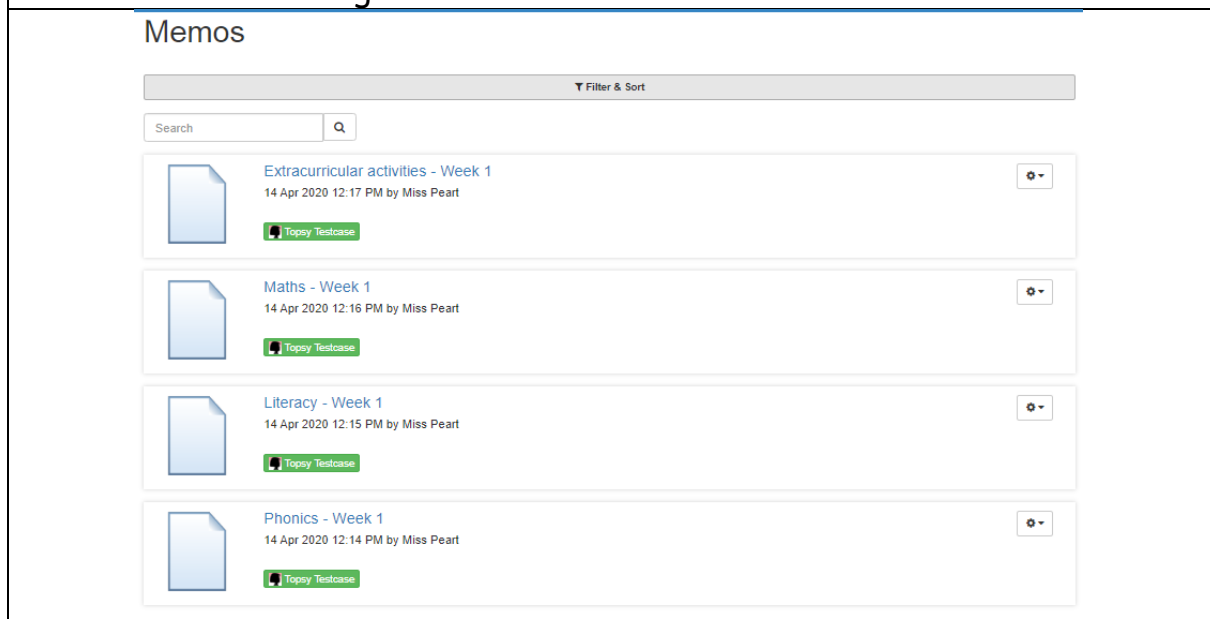

Memos

Once you have clicked the 'memos' tab you should then be able to see the 'memos' which have been uploaded for your child.

There will be a separate memo for each lesson:

- Phonics
- Literacy
- Maths
- Extracurricular activities

Each lesson is clearly labelled with the title and week.

Accessing the PowerPoint through memo

Once you have accessed the memo tab you will then be able to click into the lesson and download the PowerPoint.

The PowerPoint will be accessible under 'Documents'. We will upload the PowerPoint's in PDF format.

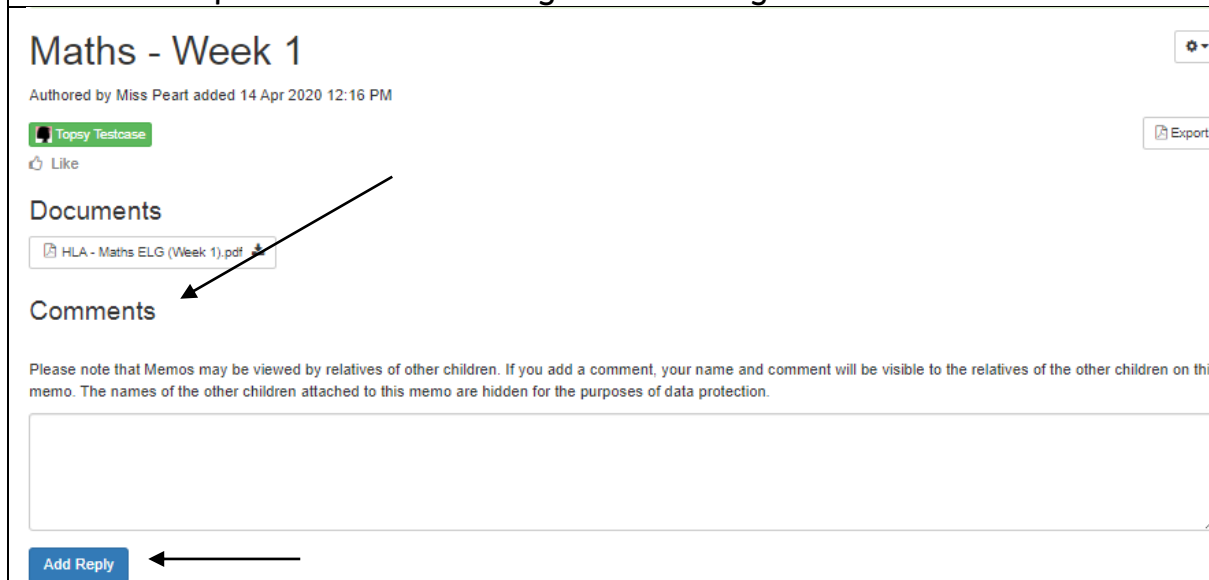

If you are unable to access the PowerPoint's through Tapestry, please notify us so that we can email them to you.

Adding comments through memo

There is a comments section on each memo which you are welcome to use to ask questions or make comments about your child's learning.

Please upload 'evidence' of your child's learning to Tapestry. This could be photos/videos or a written account. We will be responding to children's uploaded work throughout the day.

We hope everyone is keeping safe and staying well.

Miss Peart & Mrs Morris
