

## **Our New Active Play Area**

We are excited to announce, that we have improved our playground with the addition of an exciting selection of active play equipment.

Our new active play area is made up of a range of challenging trim trail equipment and a huge Bowfell Climbing Frame situated in the middle!

The children now have a fabulous outdoor area with a good range of equipment for imaginative play and physical development.

Our children will be developing their key physical skills including balance, lower and upper body strength, hand strength, core stability, coordination and gross motor skills as they take on the exciting challenges the area presents.

For this project, we worked with Pentagon Play who design and install outdoor learning environments for schools and nurseries.
