Spring Term 2021

Welcome back! It is so good to be back in school again and we are looking forward to the remainder of this term.

Curriculum

Maths - we will be following the objectives from the National Curriculum. Objectives include geometry – symmetry and angles; measures including length, mass and capacity and time.

English - genres covered this term will include myths and legends; we will also be focusing on consolidating the grammar the children have worked on during lockdown.

Spellings - Pupils will be taught spelling patterns in class and will be expected to practise them daily. They will be tested on words weekly and expected to use the correct spellings in their writing.

Times tables and number facts – children need to have quick recall of multiplication and division facts as well as other number facts which will assist them in carrying out mental arithmetic. They should continue to practise these in order to become fluent. They will also have times tables challenges to complete in class to help build up speed of recall.

Reading – we will listen to the children reading and discuss texts with them in school, but would also like them to read regularly at home. They will bring home a book selected from the appropriate level, but may also read other texts with you. Please sign their reading records when you listen to them read or discuss texts with them, they should aim for at least 4 reading sessions at home each week.

For those that do not have the time to read at home, there will be a reading club on Friday breaktime.

Homework

In addition to their reading, times tables and spelling practise, there may also be formal homework set for English and Maths.

English will usually be set on a Monday and due in on a Thursday; Maths will usually be set on a Thursday and due in on a Tuesday. Homework will generally be set on Calibrae or My Maths. At this current time, this may be less frequent than usual.

We are keen to maintain good communication with you, please get in contact via email or telephone to the school office if you have any queries or messages. If you would like to talk to us personally, we will call you back.

Kind regards

Mrs Marshall, Mrs Hunt and Mrs Sheppard
