

PRIMARY SCHOOL

	EYFS – Understanding the world			
	Prerequisite skills for geography within the national curriculum			
ELG Understanding the World				
	People, Culture and Communities			
	<ul> <li>Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps.</li> <li>Know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class.</li> </ul>			
	<ul> <li>Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, nonfiction texts and (when appropriate) maps</li> </ul>			

Knowledge, Skills and Understanding breakdown for Geography				
Year 1 and 2				
	🔸 Develop knowledge about the	e world, the United Kingdom and th	eir locality	
🖊 🛛 Begin to	use geographical skills, including fir	st-hand observation, to enhance th	neir locational awareness	
4	Understand basic subject-specific vo	ocabulary relating to human and ph	ysical geography	
🖊 Name, locate and id	entify characteristics of the four cou	untries and capital cities of the Unit	ed Kingdom and its surrounding seas	
🖊 Understand geograp	phical similarities and differences the	rough studying the human and phys	sical geography of a small area of the	
	United Kingdom, and of a sma	all area in a contrasting non-Europe	an country	
🖊 Identify seasonal and d	daily weather patterns in the United	Kingdom and the location of hot a	nd cold areas of the world in relation to	
	the N	lorth and South Poles		
	,	Year 1		
Locational knowledge	Place knowledge	Human and physical geography	Geographical skills	
Name and identify characteristics of the four countries and capital cities of the UK and its surrounding areas. Develop knowledge of the human and physical geography of their own locality in the UK. Study the human and physical geography of a small area of non- European country.	Understand geographical similarities and differences by comparing human and physical geography of their own locality and a small area in a contrasting non- European country.	Identify seasonal and daily weather patterns in the UK. Identify the location of hot and cold areas of the world in relation to the North and South poles. Use basic geographical vocabulary to refer to key physical features, including; beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather	Use maps, atlases and globes to identify and locate the countries of the United Kingdom and their capital cities. Use locational and directional language, such as near, far, left and right to describe the location of features. Use compass directions, North, South, East and West. Use simple fieldwork and observational skills to study the geography of their school and its grounds. Devise simple picture maps (e.g. school grounds). Use aerial images and photographs to recognise landmarks and basic physical features.	

Knowledge, Skills and Understanding breakdown for Geography				
Year 1 and 2				
	Develop knowledge about the world, the United Kingdom and their locality			
📥 Begin to	o use geographical skills, including fi	rst-hand observation, to enhance th	neir locational awareness	
4	Understand basic subject-specific ve	ocabulary relating to human and ph	ysical geography	
	Name and locate the w	orld's seven continents and five oc	eans	
🔱 Understand geograpl	hical similarities and differences thro	ough studying the human and physi	cal geography of the United Kingdom,	
	and of a small area ir	n a contrasting non-European count	ry	
🖊 Identify seasonal and d	daily weather patterns in the United	Kingdom and the location of hot a	nd cold areas of the world in relation to	
	the Equator a	and the North and South Poles		
		Year 2

		town, village, river, mountain.	Use aerial photographs and plan	
			perspectives to recognise landmarks and	
			basic human and physical features.	

Knowledge, Skills and Understanding breakdown for Geography					
	Year 3				
<ul> <li>Extend knowledge and understanding beyond the local area to include the United Kingdom and Europe</li> <li>Include the location and characteristics of a range of the world's most significant human and physical features</li> <li>Develop use of geographical knowledge, understanding and skills to enhance locational and place knowledge</li> <li>Name and locate countries, cities and main geographical regions of the UK</li> <li>Locate the world's countries, using maps to focus on Europe (including the location of Russia), North and South America</li> <li>Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, Arctic and Antarctic circles</li> </ul>					
Locational knowledge	Place knowledge	Human and physical geography	Geographical skills		
Name and locate countries, cities and main geographical regions of the UK. Locate the world's countries, using maps to focus on Europe (including the location of Russia), North and South America. Identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, Arctic and Antarctic circles.	Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom and a region of a non- European country. Understand how land use changes over time. Understand how some key aspects have changed over time.	Identify human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers). Describe and understand key aspects of physical geography including key topographical features (including hills, mountains, coasts, rivers) and land patterns. Describe features studied using geographical vocabulary.	Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied. Use the eight points of a compass, symbols and key (including the use of Ordnance Survey maps) to build knowledge of the United Kingdom. Use fieldwork to observe, measure, record and present the human and physical features in the local area. Use a range of methods, including sketch maps, plans and graphs and digital technologies to record observations.		

Knowledge, Skills and Understanding breakdown for Geography				
	Ye	ar 4		
Extend knowledge and	understanding beyond the local are	a to include the United Kingdom, Eu	rope, North and South America	
Include the loca	ation and characteristics of a range of	of the world's most significant huma	n and physical features	
Develop use of	geographical knowledge, understa	nding and skills to enhance locationa	al and place knowledge
