These results are very strong, particularly as 40% of this years' cohort has an SEND need. This is a significant improvement over the last three years. The results are better than National Average this year. This is an amazing achievement considering three years ago we were in the bottom 10% and in 2016/17 – the school was in the bottom 20% for Maths and Writing. We are really proud of the children and the staff for all their hard work.
