## Acceptable Use Policy [AUP] for Remote Learning and Online Communication

Date reviewed: January 2021

Next renew date: January 2023

The following policy refers to the use of Calibrae Remote Learning Platform in our school for Years 1-6.

We usually use Calibrae as a learning platform for general weekly homework. It is also the main learning platform in the case of partial school closure (closure of a bubble/class) or a local/regional or national whole school closure.

**As a learning platform, in case of partial school closure or full closures, we will use Calibrae Remote Learning Platform.**

### Aims

- For children to continue having a sense of being a part of their class, in contact with teachers and the life of their peers.
- To maintain the community relationship between the school and families so that school continues to be an active presence in their lives.
- For teachers to provide home-learning that would follow the sequence that should happen in class, respond to the children's work and encourage and support children in continuing with home-learning.
- To support children in using online communication media in a positive and appropriate way that is beneficial to their lives.

### Process

Teachers will:

- Set English and Maths learning each day and / or week.
- Set topic and non-core subject tasks throughout the week.
- Comment, feedback and celebrate work sent in by children.

- *\*Teachers will aim to reply on the same day to messages sent during school hours (9.00a.m.- 3.00p.m.) but this may not always be possible.*

Pupils can:

- Access the learning by logging in to the platform.
- Complete the work in a variety of ways, depending on the task such as: directly on the platform, pictures and photographs which can be uploaded or emailed back to teachers by the parents.
- Pupils can submit their homework as a picture, video, directly on to the platform or make a comment.
- Communicate with the teacher e.g ask a question.

Parents can:

- Provide devices for children to access online learning.
- Support the child/ren to log on and access the relevant learning.
- Support children with the tasks if they need support.
- Email the class teacher if they have a message or concern.
